- Cai
- Humor
- Hatchet
- Popeye

### **LOCATIONS (6)**

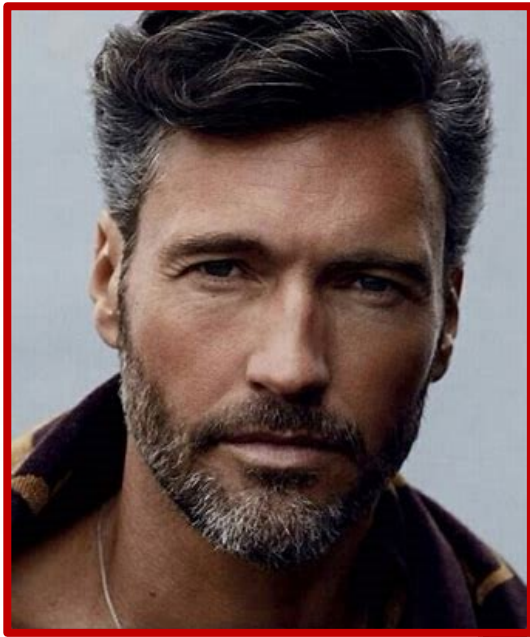

- OFFICES
- HOMES
- HOTEL
- MOTOR YACHT
- BOAT
- CARS

## **Logline**

He creates a STEM monster that brings techno-chaos to the world; now, can he destroy his own monster?

## **Coverage**

A thrilling roller coaster ride that effectively keeps the audience gripped from start to finish. The action sequences pulse with energy and tension; the story has a dynamic, cinematic quality that draws the audience into the heart of the excitement. Screenwriting Staffing.

**Alpha**

**Carrie**

**ALPHA MADIGAN (35) is an ex Navy cryptologist whose career ends in the crash of his aircraft which he barely survives. He works for a computer company on a special project to build a high speed quantum computer (QUANTA).**

**He longs for his ex-wife CARRIE BLOOM (32), a beautiful and vivacious writer and artist. But she left him, wouldn't put up with his addiction to computers.**

**Greek**

**Storm**

**NICK "GREEK" KALLOPOLIS (25)** is Alpha's best friend. Alpha took him in when his parents were killed in a random "shooter incident", taught him how to program computers. He's a big, strong fellow who is extremely loyal to Alpha.

**EDWARD (STORM) FLOOD (36)**, a college classmate and friend of Alpha. He and Alpha competed for Carrie in college; Alpha won. Then, when Alpha and Carrie separated, Carrie "took up" with Storm. Storm is a "slightly crooked" consultant with many connections. Can he be trusted?

**Manor**

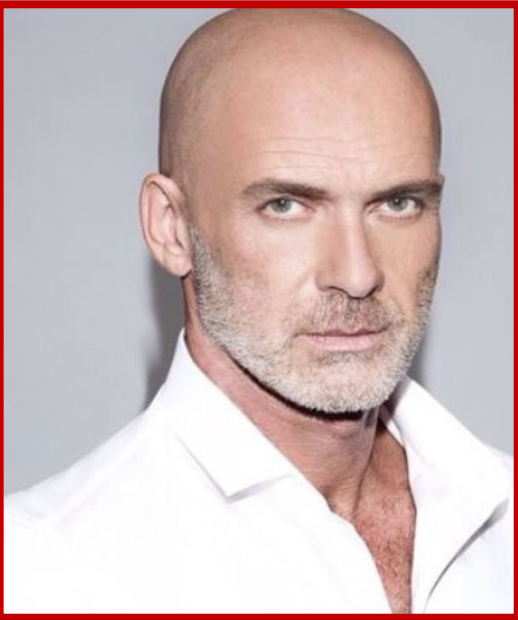

**Humor**

**CEO , ELECTROBOT MANOR BICK (55), sponsors the special project to build a high speed quantum computer. When he realizes its potential impact on business and society, he wants it destroyed. He sends Humor to find Alpha and destroy QUANTA.**

**HUMOR BILT (38), big, tough, former special forces Cajun who lives up to his last name but not his first. He is the “Enforcer” for Manor at Electrobot, always carries a razor sharp knife. But, what is his secret agenda?**

**Dome**

**Feng**

Alpha evades Humor, goes to Carrie's apartment, seeks her help, wants to "get her back". She's not so sure she wants him, though still in love with him. She tells him to see Storm who can sell QUANTA for him. Alpha takes QUANTA to Storm, who sells it to --

**DOMINIC (DOME) KILLAN (40)**, international financier, involved in underworld "money laundering" and illegal trade deals. He's a tough man who gets what he wants, one way or another. He plans to rip off the world using QUANTA's intrusive powers.

**FENG LEI (36)** is his tough lead programmer and hammer man.

**QUANTA**

**Hatchet**

**Dome tells Storm that as part of the deal, he must deliver Alpha to him within two days' – he needs Alpha to build more QUANTA.**

**Storm balks at that. Dome brings in –**

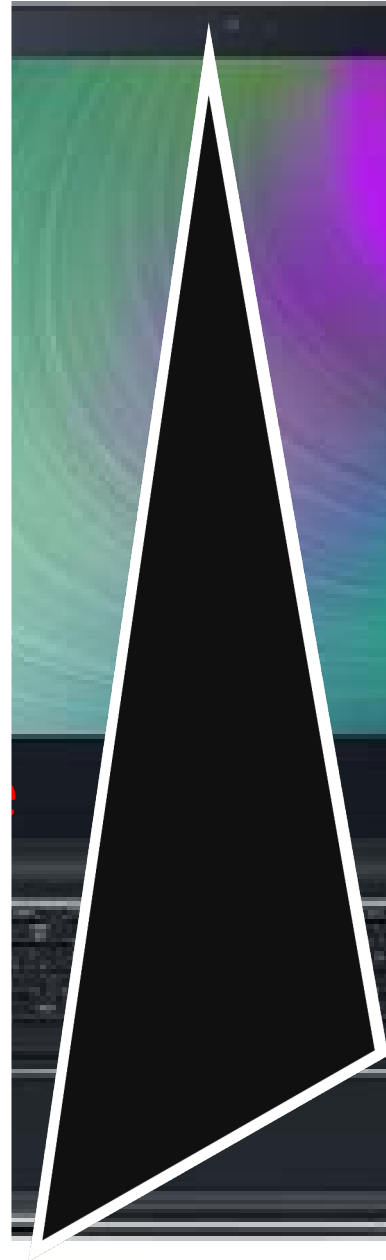

**MARCEL (HATCHET) HEBERT (40), Cajun heritage, HIT MAN FOR Dome, sports a gold tooth and a hatchet in a sling on his belt.**

**Who “persuades” Storm.**

Alpha, CARRIE, Storm and Greek are in a hideout in rural Virginia. Humor, as well as U.S. intelligence agents search for them. Techno-chaos ensues as Dome uses QUANTA on banks and politicians to extract money and favors.

A PRESIDENTIAL CAMPAIGN is underway and Dome uses QUANTA to extort money from the candidates and influence voters.

The clock ticks: Storm must send Alpha to Dome or Hatchet will hunt him down and kill him. And, he only has some of the sale money; the rest due when he turns over Alpha.

Carrie emotionally opposes Alpha going to Dome. They make love, find each other again – maybe -- does he want her or QUANTA?

Greek suggests Alpha go to Dome and find a way to communicate to them where Dome's hideout is and they will come, save Alpha and destroy the monster – QUANTA.

Alpha makes a hard decision: he'll allow himself to be delivered to Dome.

Hatchet picks up Alpha. Alpha joins Dome in a hideout not revealed to him – he's masked.

**Yana**

**Cai**

**YANA IRISTOVA (30), petite, a real dish, computer programmer for Dome who uses her heavy handed charms to keep people of his “staff” in line. She forces herself on Alpha, becomes his mistress.**

**NGUYEN LY CAI (Cai) (32), Vietnamese, whose grandparents were “boat people”, rescued by the U.S. Navy. She’s a sensuous computer programmer for Dome who rivals Yana and is secretly not sold on Dome’s enterprises. Sympathizes with the way Alpha is treated.**

Alpha's  
Attempted  
Signal

Water Torture  
Box

Alpha starts building more QUANTA for Dome, tries to signal Greek, Storm and Carrie as to their location near his old Navy base.

But, Yana finds him out. She knows about his narrow escape from his downed Navy patrol aircraft - - trapped in the fuselage with rising water.

Feng and Hatchet put Alpha in a water torture box to terrorize him with claustrophobia and make him compliant with Dome's wishes. Can he endure, or will he join Dome's team?

**Sore**

**Popeye**

**Dome's victims call in – SPECIAL AGENT THOMAS (SORE) THROTE, a political operative, tall and big, a shadowy figure who becomes hot on the trail of Alpha and Dome.**

**ANDRE (POPEYE) HEBERT (46), an older Hatchet, big knife in a sheath at his side. Corncob pipe. A Cajun fisherman, he captains the old motor yacht Dome uses as his final base and a means to escape to Venezuela once he rips off the world with QUANTA.**

**Louisiana Bayou**

**Madam Odie**

**The Louisiana Bayou, Dome's final  
hideout aboard –**

**Motor Yacht MADAM ODIE, named  
for the “lady” who ran the  
"A-number-one-best" Gentleman's  
House on Bourbon Street for a long  
time. When she died, a rich man  
named his yacht after her.**

**Alpha's friends locate Madam Odie,  
anchored in the bayou, buy a big  
rubber inflatable boat and venture  
into the swamp for a dynamic finale  
with shocking twists.**

**Penned by prize winning and optioned  
screenwriter Robert C. Powers .**

**Intrusive is the perfect vehicle for the right  
new talent, and what every producer  
looks for – an engrossing thriller with the  
potential for high pay-off.**

**Potential Sequel:  
“Alpha Madigan and the Viral Curse”  
An Indiana Jones-like Thriller**

**Robert C. Powers**

- Coverage Notes**
- **Intriguing political thriller**
  - **Impact of quantam computing and artificial intelligence on society**
  - **Breathtaking pace.**

**May we send the script?**

**We look forward to working with  
you.**
